

Pioneer® Identity Preserved

CANOLA, **ELEVATED.**

P1590L

100 SERIES

LIBERTY LINK®

Meaningfully different performance in the Pioneer® Identity Preserved hybrid line up.

Pioneer® brand P1590L is the first 100 Series Pioneer Identity Preserved (IP) hybrid. It offers improved pod shatter tolerance and earlier maturity than other Pioneer IP hybrids. The plant type is smaller and more compact allowing for better harvestability.

2024-25 Corteva Agriscience IMPACT™ Trials

Pioneer® brand P1590L **105%**

Pioneer® brand P516L **100%**

69 locations

Pioneer® brand P1590L **100%**

DEKALB® DK800LL **100%**

13 locations

2024-2025 combined Field Scale and IMPACT™ trial locations across Western Canada.

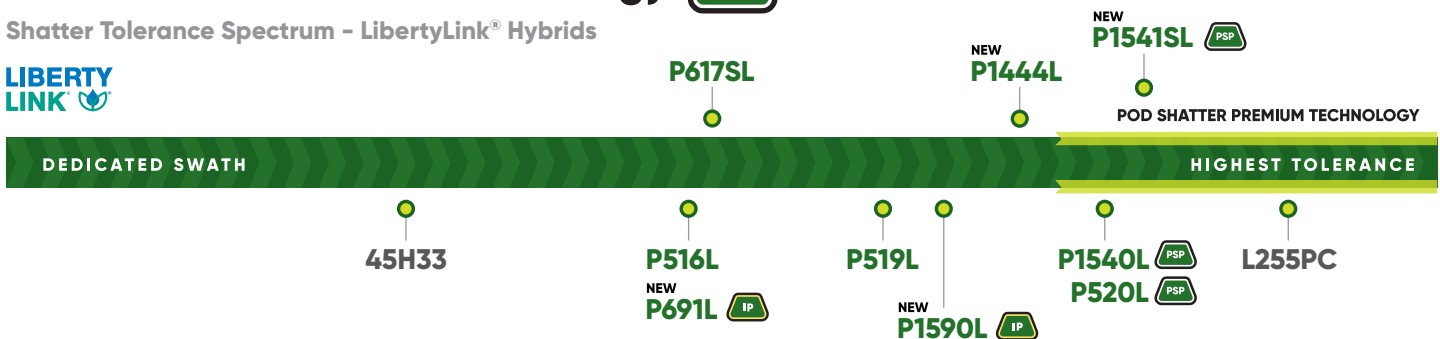

Product Attributes

Maturity	5 – later than P1540L
Lodging	8
Early Growth	7
Plant Height	7
Pod Shatter Reduction	Improved over P519L
Clubroot	CR – 5,6 – 2F, 3H, 5I, 6M, 8N, 3A, 3D, 5X, 2B, 8E, 9E (11A & 9C Reaction TBD)
Blackleg	7 – R* – Seedling and Adult plant resistance
Verticillium Stripe	3

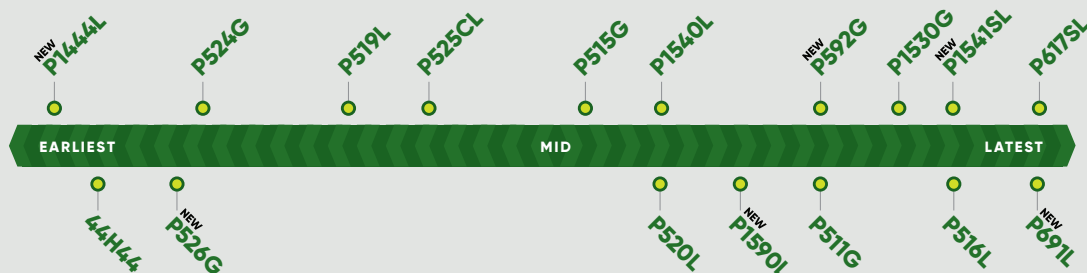

Pod Shatter Premium Technology
